Dear Rahil,

On behalf of Esehat Meditech Ltd., I am excited to extend an offer to you for an internship position within our Product team.

Position Title – **Digital Product Design Intern**

Position Location – **Navi Mumbai**

This position is scheduled to begin 01-Nov-2021 and will be a three-month paid internship opportunity ending on 31-Jan-2021. The internship may lead to a full-time opportunity based on your commitment and performance. The schedule for this position is Monday to Friday, 9 a.m. to 6 p.m. This position will pay INR 5000/- per month and training benefits. You may be eligible for paid training courses based on your performance in the first month.

In this role, you will report directly to Mr. Saif Kazi for product design and Mr. Henry Dsa & Mr. Neel Advani for marketing initiatives. Please email copies of your passport, Aadhar card, and qualifications to henry.dsa@esehat.org.

Role & Responsibilities

Responsible for the user experience & user interface of Esehat products, usually taking direction on the functionality & feature goals and objectives from the product team.

Play a role in the information architecture and system design of the product.

Translate the purpose of the product into a functional user experience and present requirements feedback regarding what must be in place for users to accomplish their goals.

Help polish the user interface & experience and make the product more efficient to improve page load speeds, reduce click rates, etc.

Ideally, test the product from a user point of view before releasing it to the production environment.

Deliver as part of your role, including but not limited to the following.

- Wireframing
- Mock-ups
- Prototypes
- User Journey Mapping
